Step 1 – Install batteries

From the BACK of the battery holder slide the back up to remove the battery cover. Install 3 fresh AAA batteries, observing the correct polarity (+/-). Replace battery cover. *Do not mix old and new batteries and do not mix alkaline, standard (carbon-zinc) or rechargeable (ni-cad, ni-mh, etc.) batteries.*

Step 2 – Operation

To operate, from the front of the battery pack slide the LED switch to the “on” or “off” position. **NOTE: Lights are waterproof but battery pack is not.**

Get Glowing!

Use it for Camping, Tents, Boats, Poolside, Backyard Fun, Barbecues ...
