Step 1 - Install Batteries:

- Remove battery cover. (Battery compartment is located underneath unit.)
- Insert 3 fresh/new AA batteries, observing the correct polarity (+/-).
- Replace battery cover.

Do not mix old and new batteries and do not mix alkaline, standard (carbon-zinc) or rechargeable (ni-cad, ni-mh, etc.) batteries.

Caution: *Batteries may explode or leak, and cause burn injury if recharged, disposed of in fire, mixed with a different battery type, or inserted backwards. Replace all used batteries at the same time. Clean battery contacts and contacts on the device prior to installing. Remove batteries if item will not be used for long periods of time. When battery expires remove promptly.*

Step 2 - How to place LockerBrightz™ in locker:

LockerBrightz™ uses magnets so it can go on the top, sides, or bottom of a metal locker.

Step 3 - On/Off Button:

To turn LockerBrightz™ on and off, simply press the round On/Off button located on the base.

Have Fun with LockerBrightz™! Take it to parties, activities, or anywhere to add a colorful blast of lighting excitement! LockerBrightz™ is available in two designs: flower and geometric.
